

Royal Canal

The Canal is a haven for wildlife: fish, birds, plants, and small mammals coexist peacefully to provide Mullingar residents with a fantastic amenity that encourages walks, welcomes pets, bikers, joggers and anyone who enjoys the outdoors.

There are pathways, bridges, bins and benches to sit along the whole length. Small boats make their way to Dublin on their way to Athlone and viceversa, and given the sheer length of the waterway, it is kept in relatively good shape with a few areas of improvement.
